TO SPEND SUMMER AT HOME.

Prof. Horace E. Hayden, of the A. & M. College, left yesterday afternoon for his home in Wilkes-Barre, Pa., where he will spend the summer.

AMUSEMENTS.

Don't fail to see tonight's all star bill with Darwin Karr, Nell Craig, Edith Storey, Antonio Mareno, Isabel Rea. At the Queen tonight Daniel Frohman presents the attractive little Hazel Dawn in a sweet little story in five parts that will delight all who see it. Tomorrow brings an unusual feature to the Queen, the wonderful Bessie Barriscale in "The Cup of Life." Two sisters, Helen and Ruth, just emerging into womanhood, stand upon the threshold of life. Both drink deep of "The Cup of Life," which drives home a great moral lesson. "The Cup of Life" holds the mirror up to nature in every truth and every woman, young and old, should see this great production tomorrow afternoon or night. Admission 10 and 20 cents. Saturday, Francis X. Bushman and Beverly Bayne in "A Million a Minute," a grand feature. Don't fail to see tonight's sweet little feature.

Though even its tips are made of metal a new flexible tube invented in France for gas connections is leak proof.

VALUE RECEIVED

The utmost that any grocer can give a Customer, is the worth of money.
Some stores are operated more economically than others and some have more efficient system of handling the trade but with one is like with all they are selling as close as their ability will admit.
We believe we have our business down to the finest point; we give value received for every dollar and no store gives more for the money in goods and service.

The Kind That

Brandon & Lawrence

STORES BURGLARIZED.

Two Business Houses Entered and Small Sums Stolen.

Some time during the night last night burglars entered the gentlemen's furnishing establishment of Brandon & Lawrence and the grocery store of Hardy Newton, both on Main Street. At the first place mentioned they secured about \$5.00 from the cash drawer and at the latter they secured about \$3.00 or \$4.00. It is the opinion of the officers that the burglars did their work while it was raining, using the noise from the storm to protect them while they did their work. This theory is based on the fact that for the last several times it has rained during the night a burglary has been reported the next morning. The last one being the looting of the safe at the American Steam Laundry. Entrance last night was made in the Brandon & Lawrence store at the rear just over the awning, the intruder going through a window. At the Newton grocery store entrance was effected through the back door. It was evident that the burglar or burglars were only hunting money, as nothing else was out of order in either of the establishments. There is no clew as yet for the officers to work on.
